

# Unlocking Your Leadership Potential

COMMITMENT  
PASSION  
INTEGRITY  
EMPATHY

## SUMMARY

Leadership is a powerful combination of intellectual and emotional capability; setting agendas, driving superior performance and uniting teams in committed pursuit of common goals. In the increasingly complex project management environment, leadership skills are no longer optional, they are the single most critical determinant of success.

The 1 day workshop is designed to develop the skills necessary to be an informed leader. Participants will develop an understanding of the required mix of technical skills and behavioural competencies essential to the creation of environments of excellence.

Participants will learn about key leadership styles, determine their own preferred style and be able to pick from a “Leadership Toolkit”, gaining greater control over outcomes by matching leadership styles to different situations and driving consistent superior performance.
